

# Maison Airpark Cahors

## Maison example 2

This contemporary style house is typical for the region. The nearly flat roof with 'tuile romane' combines the ancient type of building with the modern looks of the outside walls with the tall windows. This guarantees you will have a house that is comfortable and bright! The villa has 5 bedrooms and 3 bathrooms. The master bedroom is spacious, en-suite with a large dressing. Total surface is 168.42 m<sup>2</sup>.

The garage is suitable for extension and can be made into a hangar. The dimension of the plot gives enough space for such a hangar and even a swimming pool.

On the ground floor you will find the entrance, hall, living room, kitchen and utility room. Besides the master bedroom on one side of the villa, there are two bedrooms on the other side. This villa has one story with 2 bedrooms and a bathroom. It is an ideal house to live in whole the year through if you like and have your family and friends over to stay with you.

The estimated total costs of a villa of this type will be € 730.000 including all taxes. This includes:

- The land (about 2500 m<sup>2</sup>)
- Outside works, connection to electricity, water and telephone line
- Swimming pool
- Hangar
- Connection to taxiway and access to the runway
- The villa as described above

Prices are an indication and depend on size and finishing
