

Airpark Cahors

Maison example 5

This contemporary villa has a surface of 225 m2. On the ground level you'll find the living, kitchen and a study. On the first level there are four bedrooms and two bathrooms. They are spacious enough to have their own bathroom if you wish. The master bedroom is really a master bedroom with bathroom, dressing and access to the balcony. The garage has room for one car and is accessible from the inside.

Depending on the size of the plot you can add a private hangar, that could also be integrated with the garage.

The estimated total costs of a villa of this type will be € 670.000,- including all taxes. This includes:

- The land (about 2000 m2)
- Outside works, connection to electricity, water and telephone line
- Swimming pool
- Garage and hangar
- Connection to taxiway and access to the runway
- The villa as described above

Prices are an indication and depend on size and finishing.
